

Te Paea At Kapiti School!

Term 2

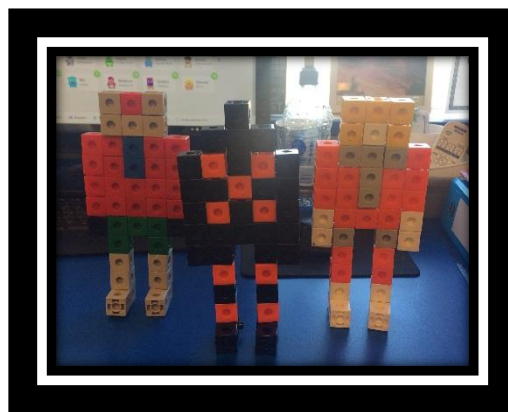

We are getting back into routines now after the holidays. Here are some snaps from Term 1.

The arts programme was a winner!
Thanks Mrs Bolton for the 3D construction sessions.

Mine Craft

Measurement

Creative maths using problem solving skills, perimeter, area and volume

Problem Solving Maths

We have been using real life situations to experiment and find answers in maths.

Creative Lunchtimes

Lunchtime was busy with building, Lego and tower structures popular ways to spend a rainy playtime.

Science

Creating designs and testing prototypes through our science inquiry and Learning Connection ☺
