Together Everyone Achieves More

3 June 2020

Tēnā koutou katoa

It was nice to have a long weekend and I hope you made the most of it. Our students are moving into a more regular classroom structure this week and teachers are continuing to teach about the Zones of Regulation and monitor hauora. As you know, we started using an online tool called Seesaw over the lockdown period. This is a tool that we will be incorporating into our reporting. By the end of this term, your child's goals will be uploaded and early next term, students will upload one piece of evidence towards this goal. If you haven't signed up yet, please talk with your child's classroom teacher.

Winter Sports

We have been contacted by **Netball Kapiti** about the start of the netball season. A notice has been sent home for students interested in playing this year. Please return these by this **Friday 5 June**. Games are going to be played throughout the week as follows:

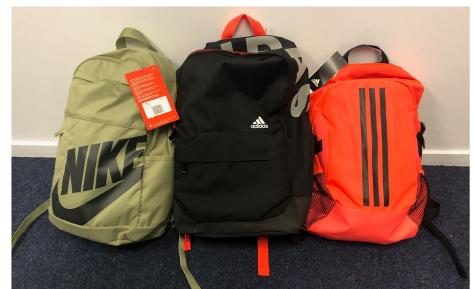

- **Year 3 and 4 - Wednesdays, starting 24 June at 4:00pm**
- **Year 5 and 6 - Mondays, starting 22 June at 4:00pm and 5:00pm**
- **Years 7 & 8 - Saturdays, starting 27 June (games run throughout the day).**

We have been able to establish coaches for our Year 3 and 4 team and our Year 5 and 6 team. It is essential that we have coaches and umpires for all our teams. If you can help with coaching and umpiring, please contact Chantelle Smith.

Kapiti Hockey (KCHC) is meeting today to discuss what a season could look like for school hockey. We will let you know more once we hear from them.

A big THANK YOU

We had two ex-students pop in last Friday and drop off some well-being packs for our students. I am always amazed by our young people and this kind gesture reminds me of what we are trying to achieve for all our students. While these students wish to remain anonymous, I still would like to acknowledge their thoughtful idea.

**Nga mihi nui,
Brent McDowell
Principal**
